

### **REQUIREMENTS:**

- PC running the Join Me client, ie. installed and operational
- ZTE USB datacable (supplied with the handset) must be available

**Note:** This procedure is not compatible with mac.

### **METHOD:**

- 1) **DOWNLOAD** the ringtone of your choice from the ZTE website ([www.zte.com.au/main/zte-extras.htm](http://www.zte.com.au/main/zte-extras.htm)) by double clicking it
- 2) **SAVE** the ringtone to a known location on your PC such as the Desktop or My Documents. Remember this location for later.
- 3) **CONNECT** your phone to your PC using the USB lead supplied.
- 4) **RUN** the Join Me application by double clicking the icon on your desktop
- 5) **LOAD** JoinME
- 6) When prompted to **SELECT** your 'phone type' & **CLICK** Cancel.

### **IN JOIN ME:**

- 1) **CLICK** on the Media tab

The top half of the screen shows the folders/files on your PC, the bottom half is the folder/file structure on your phone.

- 2) **DOUBLE-CLICK** My Phone to open up the file structure on your handset
- 3) **DOUBLE-CLICK** Audios to reveal the My Audios and Ring folders
- 4) **LOCATE** the ringtone file in the top half of the screen on your PC (eg desktop)
- 5) **CLICK** on the ringtone file and hold the left mouse button down
- 6) **DRAG** the ringtone to the My Audios folder in the bottom half of the screen and release the mouse button

This copies the file from your PC to the handset.

### **ON THE HANDSET**

- 1) **SET** the default ring on the handset; go to Tools, File Manager, Audios, My Audios
- 2) **PRESS** Options
- 3) **SET** as ringtone
